

# FUJUMI

Fundación Jurídica del Migrante S.C.

# INMIGRANT JURIDICAL FOUNDATION C.S.

**Non governmental Association of Public Utility and  
General Interest that works in the ambit of  
solidarity ideas and social action.**

**It is promoted by people who are compromised with encouraging human dignity; freedom and human rights. It takes part in eradication the injustices and impulsing united projects on behalf of inhuman situations.**

**As a laboratory of ideas and action projects developer, national and international employment promo-tion and social transformation; it dedicates special attention helping and counseling people, compa-nies and institutions.**

# SERVICES

- **Consultancy, counseling and management administrative, juridical or migratory matters, and visa requests for any country in the world.**
- **Workshops, conferences, forums and courses of training.**
- **Coordination or mediation with governmental institutions or in private sector.**

# COMPENSATIONS

**The consultancy and advising do not generate fees.  
The contributions are minimal and they are validated  
according to every concrete situation.**

# FUNDAMENTALS

**We are based in fundamental principles and social assistance, unrelated to politics and religion; that respect personal freedom of thinking and ideologies.**

**We support the creation of ideas, promote knowledge, moral and economic wellness; as well as the development of productive networks and exchanges, whether they are nationals or foreigners.**

**We do not receive fees; we work by donations. We act with transparency to avoid fraudulent situations.**

## OPERATION PROCESS

- We establish a commitment with the selected person, its family and the corresponding authority to fully honor the agreement on time, form and space. This has generate positive results to employees and employers.

- We completely review files, labor and moral wellness of the concerned ones to raise the probabilities of visa approval.
- We avoid the transfer of a person to a border if it has an incorrect migratory status (previous review of migratory record).
- We perform research, training and tests to guarantee that the selected ones are the right ones for each position, that they have the labor experience and the necessary abilities so that the enterprise performs successful investments

**We add value to the process of hiring by teaching a course in two phases:**

- **Phase one:**

*The main goal is to reaffirm values of respect, obedience, responsibility, enthusiasm, organization, team work, solidarity, effectiveness, analysis and action. To obtain productiveness, healthy human relationships and labor conscience.*

- **Phase two:**

*We give a theoretical- practice workshop where knowledge is reaffirmed, on the specific farming that is needed, from its sowing to its harvest opencast or in greenhouse; as well as a selection for bulk sale, selection and packing for exportation or industrial processes as manufacture of marmalade or selling of frozen products.*

- We deliver an achievement diploma sent by a well known and official institution.
- The training is provided by professionals on the interested area.
- It has no cost and is commonly taught on their communities.
- Promoting rehiring it's favorable to everyone involved.
